

Whois Policy for .versicherung Domain Names

Policy

1. tldbox GmbH (subsequently called the "Registry") will provide to the public a WHOIS database both accessible on port 43 as well as on port 80 (http) under <http://whois.nic.versicherung> as required in Specification 4 of the ICANN Registry Agreement.
2. The Registry may, from time to time as determined at its complete discretion, impose certain limits on the amount of simultaneous and/or consecutive port 43 and/or port 80 requests.
3. Since the entry into force of the GDPR (General Data Protection Regulation, <https://eur-lex.europa.eu/legal-content/EN/ALL/?uri=celex%3A32016R0679>) and the corresponding ICANN specifications, the data of the registrant as well as any further contacts are in principle no longer publicly available, unless the registrant explicitly causes the contrary to the registrar.

Rules

1. Registrars are required to ensure that the actual Registrant data fields, as required by the Registry, is obtained from the Registrant and Registrar must collect and maintain accurate records of such data.
2. Registrar shall inform the Registrant, when using a proxy service, that the actual Registrant data, will be disclosed to any competent authority who has provided a competent and legitimate request which has been properly verified and authenticated by the Registrar with the actual registrant data.
3. The Registrar shall notify the Registrant that even where a domain name is removed from the root zone, the domain name record, if publicly available, may still appear in the WHOIS database for 24 hours.
4. The Registry may perform a bi-annual review of a random sampling of domain names to test the accuracy and authenticity of the registrant data. If errors or missing information exists, notice shall be forwarded to the relevant Registrar, who shall be required to address these deficiencies with the relevant Registrants within 20 days.
5. The Registry will comply with all the security, WHOIS, and privacy requirements required by ICANN whether in the Consensus or Temporary Policies (as defined in the Registry Agreement) and imposed by a competent legislative authority in Germany who has jurisdiction over the Registry.
6. Registrants shall send any request for changes, updates, and/or corrections regarding their data to the responsible Registrar. The Registrar shall verify and authenticate the request and make the appropriate changes within 10 days of successful authentication and verification of the request.

7. By submitting a WHOIS query, the requestor agrees that he/she will use the information obtained through the WHOIS search for lawful purposes only and that he/she will at no time now or in the future:
 - a. allow, enable, solicit, and/or encourage the transmission of mass unsolicited commercial advertising or solicitations via direct mail, electronic mail, or by telephone;
 - b. breach any applicable data and privacy protection acts; and
 - c. utilize and/or enable high volume, automated, and/or electronic processes querying the WHOIS database.
8. Any and all data provided through the WHOIS search is provided "as is" and without any representation and/or warranty as to its accuracy. The Registry shall in no circumstances be responsible and/or be liable for any reliance on any information provided through the WHOIS search.
9. Disclosure of contact data is restricted because of Data Protection legislation. The access to contact details for certain Domain Names may therefore be restricted.
10. All copyright in the WHOIS information, the WHOIS database, and any WHOIS datasets are explicitly reserved.
11. It is strictly prohibited to combine, collect, and/or compile any information that is obtained from this WHOIS service.
